City Council Instructs Policeman

COMPLAINT BY THE MAYOR

Hits Prosecutor For Not Filing
Cases in His Court and Says
He Doesn't Perform Duty

The city councilmen held a long drawn-out meeting last night when they met in regular session, nothing of great importance being done, but many minor matters were taken care of. The coal situation which was supposed to be such a serious proposition, was not touched upon nor mentioned at the meeting.

Mayor Irvin indirectly led an attack on Prosecutor Stevens, alleging that he was failing to perform his duty, and hinted that some kind of steps should be taken to cause the prosecutor to push certain affidavits citing as an example one affidavit that the mayor had wanted filed. The prosecutor refused to file it, he said.

It is known that the cause of the outburst against the prosecutor by the mayor originated several weeks ago when Prosecutor Stevens began to file city cases in the justice of peace court, which right Prosecutor Stevens maintains is given the prosecutor, to file cases in any court that he pleases.

Mayor Irvin also brought up the subject of the city police serving affidavits for the squire's court, and the council passed an order prohibiting them from performing any service for the squire.

Policeman Pea has been performing this service, according to Chief Wilfong. Mayor Irvin stated that recently the policeman and prosecutor made trips to Shelbyville and Charlottesville and frequently went out into the county on business for the squire. It is said, however, that the policeman never worked for the squire while on duty for the city, as his hours are from six in the evening until early morning, and the work he did for the squire was during the hours he was off duty, Policeman Pea declares.

No doubt a case of jealousy has arisen in the police force because the policeman was receiving more pay by performing the duties of constable for the squire.

The chief told the council that recently he, single handed, raided a crap game in which he caught seven men, and when the names were handed to Prosecutor Stevens, affidavits were filed in the squire's court. The mayor protested having the police work for another court.

After passing the order prohibiting the police from working for the squire, Mayor Irvin brought up the question of garbage collection, with no action being taken. Early in the spring the matter was talked about, and action last night was deferred until some other time. The plan is to have the city establish a compulsory collection of garbage, by allowing a contract, for its collection.

Frank Havens, who has acted as health inspector for the past month, was reappointed for another week, it being the belief that the unsanitary places can be cleaned within another week.

M. W. Eakins and W. F. Easley, proprietors of motion picture theaters, appeared before the council, asking that they be granted the privilege of running lines from the I. & C. power house to their theaters for the purpose of equipping their projecting machines with direct current, which is best adapted for their machines.

A controversy arose, due to a misunderstanding of the purpose of the lines, as Supt. Mahin of the water and light plant called the attention of the council to the fact that if the picture show owners were granted the privilege, the bars would be open, for other lines of business, contrary to a city ordinance which prohibits the use of electric current in Rushville by a company other than the city water and light plant.

It was suggested that the city

VIOLATES THE PARKING LAW

Mrs. Sarah Henley Pleads Guilty
and is Fined by Mayor

Mrs. Sarah Henley, 720 North Harrison street, was arrested last night by Patrolman Pea, charged with violating a city ordinance relating to parking her automobile. She was arraigned before Mayor Irvin last night, and entered a plea of guilty, to which she was fined a dollar and costs, amounting to \$6. An argument between the policeman and Mrs. Henley was given as the cause of arrest, Mrs. Henley maintaining she did not know he was a policeman, as he was not in uniform. It was charged that Mrs. Henley did not park her car inside the white line.

RICHARD PUGH DIES EARLY THIS MORNING

Son of Mr. and Mrs. Jess Pugh, Formerly of Rushville, Expires at
Winona Lake of Typhoid

FUNERAL TO BE HELD HERE

Richard Pugh, age seventeen years, son of Mr. and Mrs. Jess Pugh, formerly of this city, died at Winona Lake this morning at ten minutes after one according to word received here. He took sick on Monday, July 4, with typhoid fever and his condition was regarded as critical from the very first.

Every effort was made to bring about his recovery. After an operation for perforated bowels, he suffered several hemorrhages which weakened him, and blood transfusion operations gave him only temporary relief. Last week the word relatives received was more hopeful, but the attending physicians never held out any hope for his recovery.

The body was to arrive here this afternoon over the Big Four railroad at 3:45 o'clock and was to be taken to the home of the deceased's grandmother, Mrs. Joe Pugh in West Second street. The funeral services will be held there Friday afternoon at two-thirty o'clock, with the Rev. G. H. Sheldon of the First Presbyterian church in charge. Burial will take place in East Hill cemetery.

Richard is survived by his parents and two brothers, William and Graham. He was the grandson of Mr. and Mrs. J. W. Hogsett and had many other relatives here.

ANOTHER OUTFIT IS TO VISIT THE CITY

Detachment of Thirty Men From
Camp Taylor Will Camp in City
Park For Three Days

ALSO FROM 1ST DIVISION

Another detachment of soldiers from Camp Taylor, Ky., will visit Rushville tomorrow, but this one will remain longer than the outfit which was here last week, although it is not as large.

According to a letter received by Postmaster G. P. Hunt from Major W. F. Harrell, recruiting officer, the detachment will arrive here Thursday and stay the remainder of the week. It is presumed that they will camp in the city park as did the one which was here last week.

The detachment consists of thirty men from the 28th Infantry, First division, and includes many heroes of the late war. One man with the bunch, Andrew Leacko, was awarded the Distinguished Service Cross for bravery overseas. The necessary equipment is carried to feed the men and judging from the report from Greensburg, where the outfit has been in camp, they are traveling in horse drawn vehicles instead of motor trucks. The Greensburg News says a picket line was stretched there for forty head of horses and mules.

The detachment is making a tour of this section, getting acquainted with the people and demonstrating what the army is today; at the same time getting an outing and vacation.

EFFORT TO AMEND THE CONSTITUTION

Next Assembly May Attempt to Put
Through Amendment For
Unlimited Sessions

LAW PROVIDES 61 DAY SESSION

Many Favor Illinois Law Providing
That Governor May Call Legislators Whenever Necessary

(By United Press.)

Indianapolis, Ind., Aug. 4.—When the next general assembly of Indiana convenes in February an effort will be made to amend the constitution providing for unlimited sessions or divided sessions.

In the latter case it has been suggested that the legislature meet for thirty days, recess for thirty days to give the members an opportunity to study the proposed legislation and then reassemble to give each measure final consideration.

The idea for an unlimited session was obtained from the Illinois law which provides that the governor may call the legislators whenever necessity arises. In this case the legislators would be on a fixed salary rather than receive a daily salary of \$6 while they are in session.

Indiana's constitution now provides for a sixty-one day session.

Many senators and representatives regarded the Illinois system with favor.

"That is a very good idea and I hope that some one will take it under advisement and introduce a bill providing for that" was the comment of Speaker Jesse Eschbach.

"The sessions that we now have do not give the members of the house or senate time to give bills careful and just consideration. It is only fair to their constituents that they have more time to consider these bills," said Lieut. Gov. Ed. Bush.

"I believe that the law which is now being enacted in Illinois is the best. A fixed salary of about \$1500 for members who have been selected to serve a full term plus mileage. This would give members time to consider bills and vote intelligently on all bills presented," said Rep. Abrams, Marion county.

"It is a very good idea," was the comment of Senator C. Meeker, White County.

"Illinois and Kentucky have the best laws" said Senator Laney, Vigo county. "This would give us time enough to receive, consider and vote to the best of our judgment."

"We do not have time enough to consider and vote to the best of our

WHEAT PRICES ARE GRADUALLY GOING UP

Big Smash on Chicago Market at
Opening This Morning But Close
is Above Yesterday

ELEVATORS PAY \$2.10 TODAY

There was another big smash in wheat prices today, but the market recovered from the slump at the opening in Chicago and closed higher than yesterday. Local grain dealers were paying \$2.10 a bushel for wheat today, which marks an increase of thirty cents over Monday, when the low mark of the threshing season was reached.

Dealers were offering as high as \$2.50 for wheat when the threshing started in Rush county and many farmers sold at that figure, but there was a rapid decline in prices last week, the drop amounting to 60 cents during the week. Before closing last Saturday night elevators were paying only \$1.90 and Monday the low mark of \$1.80 was reached. Prices advanced yesterday and today, however.

Threshing is about finished in Rush county and very little wheat is being received now. The worst thing from the farmer's standpoint is that the slump in the market came right in the midst of threshing.

FAVORS PEACE AT HOME FIRST

Senator Harding Says if He Should
Choose, He Preferred it to
International Peace

SPEAKS TO MORE PILGRIMS

Takes up League Issue Before Cox's
Acceptance Speech Due to
Increasing Interest In It

(By United Press.)

Marion, Ohio, August 4.—"If I should choose but one I should rather have industrial and social peace at home than command the international peace of the world."

This was the dominant utterance in Senator Warren G. Harding's speech this afternoon to a delegation of republican pilgrims from Wayne county, in which the keynote was "Americanism," and in which he elaborated on the treaty stand he took on notification day.

It was the second event in the front porch campaign was inaugurated by the republican nominee talked to a delegation from Richland and Crawford counties, Ohio.

Harding's intentions had been to refrain from further discussion of the treaty issue until after the delivery of his opponent's acceptance speech next Saturday, but numerous letters received from all parts of the country indicated the increasing interest in the subject.

Partly in response to these and partly anticipating the league of nations view by Governor Cox, the republican candidate decided to seize the opportunity to emphasize as well as clarify his position.

"I do not want Americans of foreign birth making their party alignment on what we mean to do on some nation in the old world. We want them to be republicans for what we mean to do for America."

"It would be a sorrowful day for this republic if we allowed our activities to blind us," Harding continued.

"We want a free America. We want America free to home and free to the world. We want to silence the outcry of nations against nations in the United States and we wish to silence the cry of class against class, in order to assure tranquility in our freedom."

These were some of the senator's striking declarations leading to his discussion of the league in which he reiterated and expanded the views expressed in his acceptance speech.

LEWIS DENOUNCES KANSAS MINERS HEAD

United Mine Workers President
Speaks Plainly in Telegram to
Alexander Howatt

WIRES LOCALS AT IDLE MINES

(By United Press.)

Indianapolis, Ind., Aug. 4.—Definite action to end the illegal strike of coal miners in Kansas was taken today by John L. Lewis, international president of the United Mine Workers.

Telegrams were sent to local unions at each of the 33 idle mines and another message was sent to Alexander Howatt, president of the Kansas miners, denouncing him in the strictest way for his course in fostering and fomenting the strike trouble.

Lewis ordered the strikers to resume work immediately and take up their grievances in the usual manner.

"If it is your desire to continue to function as officers of the United Mine Workers, I warn you to comply with its law," the telegram to Howatt stated, after Lewis had mentioned the agreement between the union and coal operators.

"The continuance of the mad course you are pursuing in Kansas will bring further condemnation to your organization and stamp you as a man deplorable of principle and destitute of honor."

FILES SUIT ON CONTRACT

D. H. Dean Sues D. Belmont Lester
For Judgment of \$850

Donald H. Dean has filed suit in circuit court against D. Belmont Lester of Indianapolis, on a complaint on contract and attachment, in which \$850 judgment is demanded. The complaint states that in 1917 Mr. Dean purchased from Lester 75 shares of common stock in the Standard Royalties Company, which later was to be purchased by Lester at par, with one percent commission, and that on demand Lester has refused to fulfill the contract, which calls for \$742.50. The judgment for \$850 includes interest and attorney fees.

DATE FOR REVIEWERS MEETING IS IN DOUBT

Special Session of Board Awaits
Appointment of Two Members
—Word Sent to Judge

ABSTRACT MAY BE AVOIDED

The date for the convening of the special session of the county board of review, provided for in the Tuthill-Kiper tax law passed by the special session of the legislature last week, was still uncertain today on account of no word having been received from Judge Will M. Sparks, who is at Winona Lake. The law provides that he shall appoint two members of the board, one republican and one democrat, to sit with the county auditor, treasurer and assessor, the five members composing the board.

A special delivery letter has been sent to Judge Sparks to notify him of his duty in regard to the appointments and it was expected word might be received from him by this evening. It is regarded as improbable that the same two members who served at the regular session in June, will be appointed as A. M. Taylor, one of them, is serving as secretary of the chautauqua, and George H. Havens the other member is sick.

County officials are about convinced that it will be possible to make changes in assessments where taxpayers regard them too high on account of the horizontal increases, and give them a certificate of error providing for a refund on the fall installment, without making a new abstract of taxables.

Miss Anna E. Brown, Age Seventy
Years, Sister of A. C. Brown
of This City, Dies Today

DEATH DUE TO HEART TROUBLE

She had been in poor health for several years. The deceased was well known in Rushville, as well as the community in which she resided her entire life. Within the last few years she became an invalid and was in poor health, but her death was sudden.

Miss Brown and her sister, Miss Emma Brown, lived together in Milroy, and besides the sister, the deceased is survived by three brothers, Robert and Nathan, both of Milroy, and A. C. Brown of Rushville.

The deceased was a member of the United Presbyterian church in Milroy, and the funeral services will be conducted at the church Friday morning at ten o'clock by the Rev. James McMichael, pastor of the Springhill church, and interment will be made in the Milroy cemetery.

G. O. P. WORKERS TO MEET ON SATURDAY

Organization Meeting For Men and
Women to be Attended by Two
District Chairmen

CANDIDATES ARE ALL INVITED

Senator Watson and Rep. Elliott
Promise to be Present—To be
Entertained at Dinner

An organization meeting of men and women republican workers of the county will be held at the court house assembly room Saturday to discuss plans for the opening of the campaign in this county.

James E. Watson candidate for re-election as United States senator from Indiana and Richard Elliott of Connersville, candidate for re-election to congress from the sixth district, are expected to be present to address the workers.

Walter F. Bossert of Liberty, district chairman; Mrs. Elizabeth Clappool Earle of Connersville, women's district chairman, and a woman organizer from the republican state headquarters in Indianapolis, will also attend the meeting.

All precinct committeemen, together with one woman from each precinct whom they have recommended to have charge of the woman's organization in their precinct, have been invited to participate in the meeting. Invitations have also been extended to all candidates on the republican ticket in this county to attend.

The meeting will open at ten-thirty o'clock Saturday morning in the court house assembly room and the workers will be entertained at noon at the Scanlon hotel by the county central committee. In the afternoon another session will be held, at which time the details of organization will be discussed.

The morning meeting will be devoted to short talks from candidates and workers preliminary to the organization session in the afternoon. The county chairman is anxious to have every person connected with the county organization to be present.

In a few instances, the precinct committeemen have neglected to recommend a woman from their precinct to take charge of the woman's organization, and in these precincts no invitation could be extended to a woman representative of the party. In such cases, the precinct committee is urged to bring with him the woman he thinks is best qualified to take charge.

The woman's republican organization has been perfected by Mrs. A. L. Stewart, county woman's chairman, who has appointed precinct workers on the recommendation of the precinct chairmen.

LEWIS PROBABLE SPEAKER

Ex-Senator From Illinois May Be
Here Democratic Day

A story by Everett C. Watkins in the Indianapolis Star today says that J. Hamilton Lewis former United States senator from Illinois, will be the probable speaker on democratic day at the Rush county chautauqua Saturday, August 14.

Local democrats are making an effort to induce Governor James Cox, nominee for president, to speak here on that day and it is presumed that if they fail to get his consent Ex-Senator Lewis will speak. Governor Edwin P. Morrow of Kentucky will speak on republican day, which will be the day previous.

buy the juice for the picture shows, and that the city take over the lines and manage them like they were the property of the city. It was pointed out that the picture shows wanted the direct current only for their arc lights in their machines, and only a small amount would be used for this purpose. The matter was left with a committee composed of Councilmen Wagoner, Lee and Scudder.

The councilmen ordered the children's wading pool in the city park filled during chautauqua week, and gave the chautauqua board the right to block off the square in Ninth street, between Sexton and Jackson, and the square in Jackson between Ninth and Tenth, from one o'clock in the afternoon until after the close in the evening. This will establish a quiet and safety zone around the park.

The matter of obstructing Water street, between Main and Morgan, was brought up by Councilman Scudder, who said that many complaints were being registered by people, stating that the street was being blocked and fenced by property owners. The property owners maintain that there is no street between Morgan and Main along the race, and have blocked the passageway.

Councilman Scudder introduced a copy of an act by the Indiana General Assembly, dated December 19, 1845, in which Water street in Rushville was vacated by the race or mill stream, and in event that the stream did not take up all of the street, it was to be a public highway and it is pointed out that on the north side of the race, about 30 feet is left open along the bank, which is platted as Water street.

The property owners will face charges of blocking a public highway, unless the street is opened, as those affected by the street will have a right to prefer the charges.

Holding Gasoline Prices Down

"The Federal Trade Commission in report to Congress ascribes strong demand as primary cause of recent advances in price of gasoline and other petroleum products, rather than to any combination in restraint of trade." (Boston News Bureau, June 3rd, 1920.)

Gasoline prices will go down as soon as gasoline supply exceeds demand.

Only two ways are known to increase gasoline supply. First, increase the production of crude petroleum; second, to increase the yield of gasoline from the crude petroleum obtainable.

Recognizing the latter as the more practical method, the Standard Oil Company (Indiana) has discovered, through extensive research, a way to definitely increase the yield of gasoline from crude oil.

In its laboratories, modern to the last detail of equipment, chemists, engineers and experienced refiners are working continually to this end.

It was one of these men who discovered the process which has largely increased the yield of gasoline obtainable from the crude.

This, and other discoveries, together with the economies of efficiency throughout all processes of refining, have enabled the Standard Oil Company (Indiana) to exert a marked downward pressure on gasoline prices.

The Standard Oil Company (Indiana) strives at all times to deal in fairness to all the people within its territory, and today is operating its business on as small a margin of profit as is consistent with sound financing, and with safety for its 4799 stockholders, of whom no single investor owns as much as 10 per cent of the total stock.

LEAGUE ACCEPTS THE STRICT BLOCKADE PLAN

Council Approves of Economical Blockade to Isolate Offending Nations From Rest of World

SAYS IT WILL KEEP PEACE.

Sebastian, Spain, Aug. 4.—The league of nation's council yesterday accepted the principal of strict economical blockade to be used to isolate offending nations from the rest of the world.

It was decided that the blockade would be used to preserve peace even when nations which are members of the league quarrel with non-member nations.

A recommendation of that action was prepared for submission to the league assembly at Geneva, asking an appointment of a chief commission of the assembly and the council which will prepare the procedure for the blockade.

During a debate preceding the adoption of the blockade plan it was pointed out that the failure to provide the league of nations with a naval military force left the blockade the sole weapon. It was thought to be an effective weapon, however, and that mere knowledge that it could be really established would be sufficient to determine violators of internal law.

But he declared in the matter of rate adjustment the commission has not been as considerate of the right of the shipper as was the railroad administration.

FRANCE TO RECOGNIZE THE BOLSHEVIKI RULE

Is Willing When They Assume International Obligation of Former Russian Government

THEY MUST BE SINCERE

(By United Press.)

Paris, Aug. 4.—France stands ready to recognize the Bolsheviks the moment they assume the international obligation of the former Russian government, Premier Millerand declared today to the United Press.

In his first interview since the allied conference at Bologne, the premier clearly defined his country's attitude toward the Bolsheviks.

"France will recognize the Bolshevik government the minute it assumes the obligations of the former Russian government," he said. "And this includes the first payment of all debts; second, acceptance of all treaties and observance of all international engagements with the former allies of the imperial Russian government."

Millerand's interview was the first clear cut categorical announcement of the terms under which diplomatic relations may be restored between Paris and Moscow. It was the first time the premier in any public expression had definitely permitted himself to go on record as setting forth the condition to a single concrete attitude.

"We will naturally expect Moscow to present evidence of her sincerity of her intentions to carry out her obligations," the premier stated.

Valuable Discovery.

A California chemist is said to have discovered a process by which platinum is extracted from the ore which also yields gold and silver. The result is that one company which formerly worked the material for gold and silver alone, recovering \$40 a ton of material, is now getting \$2,400 a ton in gold, silver and platinum.

PAY FOR SCOUTS' HARD WORK.

A leading Cincinnati newspaper directed an editorial to the public of that city on the abuse of the Boy Scouts' good turn by the public.

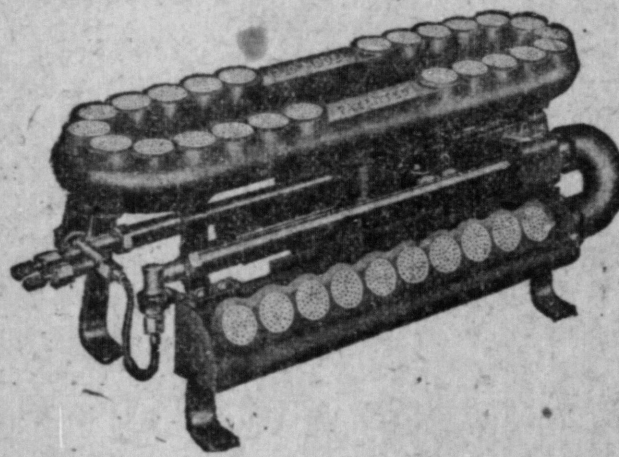

Such an appraisal of the situation by a powerful newspaper is intelligent co-operation with the principles and purpose of scouting.

It is most acceptable help to a scoutmaster who wishes his boys to find and do chivalrous good turns to the needy, and who joins his boys in a hearty scorn for the petty grafter who happens to be a neighbor, and who imposes upon the too well advertised intention of the scout to be useful.

Miss Florine Walton has returned home following a week's visit with relatives in Indianapolis.

A Staggering Tax Burden

The next president who sits in the white house will face a stupendous task, not the least of which will be a tax bill. Preliminary figures compiled by the bureau of internal revenue show that during the fiscal year ending June 30, the people of the United States paid into the federal treasury the staggering total of \$5,410,284,875 in taxes. It is the greatest annual tax bill ever assessed against any nation; it is nearly 75 percent more than the taxes paid during 1918 or 1919, when war expenses were at the peak.

Estimating the population of the United States at 126,000,000, the taxes paid last year amount on an average of \$45 per capita. It is a sum no other nation on earth could stand. The total represents about two percent of the aggregate wealth of the country. Much of this enormous debt was saddled on the country by the waste and extravagance of the administration, particularly during war, but still continuing. The year amounted to \$3,944,557,337.

Sap and Salt

By BERT MOSES.

The less you have, the less you have to worry about.

People who say little can be counted upon to say a lot.

Many folks who have the reputation of being wise are only lucky.

Among so many fools in the world it isn't much of a job to be wise.

It must be human nature to tell lies; otherwise there would be some one who doesn't.

Hez Heck says: "A woman who pays too much attention to her complexion is apt to neglect her reputation."

office and otherwise punish them.

One such shakeup, as an example would be sufficient. Cars would begin to move everywhere, and would keep on moving.

And the people could keep warm next winter—which is doubtful under present conditions.

Strange, you think, that this war did not produce a single military commander whom the public could elevate to the hero class? Not a bit of it. The buck privates had so many brains and used them to such excellent advantage there was no opportunity left for the officers to shine by comparison.

When a politician coyly remarks that he is in the hands of his friends it is time to begin delving into the records of those friends.

Even the most hardened old reprobate may be expected to repent in time—when he gets caught.

Night Did Not
Mean Rest and
Sleep For Her

This Lady Was Weak, Rundown, Losing Flesh and Strength Rapidly. Memory Was Failing, was so Nervous She Couldn't Sit Still. Dreco Gave Prompt Relief.

"I was all rundown and weak, losing flesh and strength rapidly and things looked pretty black for me; for it seemed like I couldn't get any medicine to give me strength," said Mrs. Margaret Pearson, who is employed as housekeeper at the Mahan residence, 15th and Mahan Ave., Terre Haute, Ind.

"I was unable to get much sleep; my memory was failing and I became so nervous I couldn't content myself to sit and knit, read the paper or a book. I would wake up all hours of the night and wander from room to room and was so tired out by daylight that I didn't feel like moving. I had such bad dreams that I hate to see night come and then my kidneys acted very frequently during the night. I think my general condition was worse than it had ever been in all my life."

"When I started on Dreco I commenced to feel better at once and now I haven't any trouble with my kidneys, am lots stronger, gaining weight, nerves are quiet, I sleep like a top and feel better in every way. I am attending to my duties now and my friends are remarking about how well I look. I don't think I will ever forget what Dreco has done for me."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

THE

Mirage of Lower Prices

Many retail lumber dealers have followed the MIRAGE OF LOWER PRICES off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the HEIGHT OF BUSINESS FOLLY. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for HOUSES and BARNs, it go for AUTOMOBILES. If it is not spent for CRIBS and GRANARIES, it will resolve itself into TRIPS TO PLEASURE RESORTS. If it is not spent for FENCES, and SHEDS, it will be invested in imaginary oil wells or fictitious GOLD MINES. IT WILL BE SPENT. Let that sink into your mind and decide whether our community will be PERMANENTLY BETTER OFF if it is spent for permanent improvements or for EVANESCENT PLEASURES.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. THE MIRAGE OF PE-WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. IF YOU THINK LUMBER PRICES ARE TOO HIGH, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at FAR LESS THAN THE COST OF REPLACEMENT. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. LUMBER IS THE CHEAPEST THING IN THE WORLD TODAY.

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to BUILD WHILE THEY HAVE THE MONEY. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance, effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

The Economy of Using Goodyear Small Car Tires

So-called "bargain" tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

ANN CORNWALL

Miss Cornwall has only recently risen to the stellar ranks in the "movie" profession. It has been her good fortune to have been cast with some of the leading stars as well as having worked under most able direction, which, perhaps, in addition to her own natural ability, explains her rapid rise.

His Reason.

Speaking of politics and elections, we knew a man once who announced that he would vote for a certain candidate for office. When asked for his reason, he replied that the candidate was his friend. And when they asked him if he had no other reasons he said no; he said he didn't need any other reason. We have liked this man ever since.

Blue Sky Law Becomes Effective
With Appointment of Administrator and Clerk

WILL BE ENFORCED AT ONCE

Indianapolis, Ind., Aug. 4—Sale of bonds and securities were under state regulation Tuesday. The Symons-Givan blue sky law enacted by the recent special session of the legislature became effective with the appointment by Governor Goodrich of men to administer the law.

Secretary of state, Ed Jackson, received the appointment as chief security clerk and M. L. Mendenhall of Sheridan was named administrator.

Secretary Jackson asserted that enforcement of the law would be started immediately as all arrangements for the department had been completed.

The new law provides for the control of the sale of financial papers so as to eliminate worthless stocks and bonds from the Indiana market.

FAIR ATTENDANCE

AT S. A. REVIVAL

Evangelist Wainscott Says There is No Foundation Except Laid by Jesus Christ

SAVE SINNERS IS HIS PLEA

There was a fair attendance at the revival meeting which is being held at the Salvation Army hall, last night. A number arrived in time to take part in the prayer meeting which took place in the Glory room at 7:45 and at eight o'clock the meeting started in the large room.

Evangelist Joseph Wainscott brought the message of the evening, using for his text, "Christ the Foundation." He explained that there is no foundation laid except that which was laid by Christ Jesus and that while it is all right to belong to a church one must be born into the great church of which Christ, Himself, is the foundation. He continued that if people were as interested in getting sinners saved as they are getting church members, the church would be filled to its capacity every night.

Services will be conducted tonight at eight o'clock.

Suspicious.

The head of the firm had secretly called in an expert accountant to check up the cashier. "Have you discovered any evidence of dishonesty?" asked the expert accountant. "Well, I've noticed that he carries a different umbrella every time it rains," explained the head of the firm.

THE MARK ON QUALITY LUMBER

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

HAD TO BE HELPED INTO HIS CLOTHES

Now Feels Better Than in Twenty Five Years and is Brimful of New Life and Energy.

"Yes, sir, I was so badly crippled up I could not do a lick of work at the time I began taking Tanlac, but now I have been built up to where I am feeling better than I have for twenty years," says Mathis Dollinger, 1131 Yates St., Toledo, Ohio. Mr. Dollinger is a machinist and for the past fourteen years has been employed by the Baker Bros. Machine Works and Foundry.

"My wife tells me I am looking years younger and my friends and neighbors are all congratulating me on my recovery. I was in a bad fix before I got hold of Tanlac and had been for nearly five years. Why, I had hardly seen a well day during all that time. I had indigestion so bad I hated to go to the table, for it seemed like every bite I ate soured and formed into a hard lump in my stomach. The cramps in my stomach were awful and at times I became so nauseated I had to lie down right where I happened to be until I could recover. I had sharp pains in my chest and would bloat up with gas so tight that I felt miserable. I had rheumatism in my arms and shoulders and my muscles were so stiff and sore I was in pain nearly every time I moved. Finally I got so bad off I could not get my arms above my shoulders and I had to have somebody help me put on my coat. In fact, I was almost helpless and had to quit altogether. My complexion turned yellow and I was as weak as a rag.

"That was my condition when I began taking Tanlac on the advice of a friend, and now four bottles have done for me what other medicines failed to do. I am brimful of life and energy and am now back at work feeling like my old self again. As for my appetite, I can hardly satisfy it and I digest everything I eat without any bad effects. The rheumatism has disappeared and I have as good use as ever of my arms and hands. My complexion has all cleared up and I am sleeping fine every night. Tanlac is a great medicine and I can heartily recommend it."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

IND. YEARLY MEETING TO CONVENE AUG. 10

Earlham to be Host For Annual Event of Friends—Held Somewhat Earlier This Year

HAVE CAMP FIRE EACH NIGHT

Richmond, Ind., Aug. 4—Indiana Yearly Meeting will convene in its 100th annual meeting on Tuesday, Aug. 10, at Earlham college, following a preliminary Ministry and Oversight session on Monday, Aug. 9, it was made known Monday.

It has been the custom to hold the meeting at the East Main Street Friends church, but it is believed that by holding the sessions at Earlham better accommodations can be offered for visitors. The annual meeting is also being held somewhat earlier than in previous years.

A number of Richmond people appear on the program. Levi T. Pennington, director of the Friends' Forward Movement, Ruthanna M. Simms, of the Friends Home Mission board, Timothy Nicholson, Aaron Napier Indiana Yearly superintendent, Chase Conover, field secretary of the Friends, and William V. Coffin, all will address or make reports to some of the sessions.

All Sessions at Earlham

All sessions will be held at the college and lodging will be furnished in the college dormitories, and meals served in a dining room at moderate prices. Young Friends will have discussion meetings at 6:45 p. m. on the 12th, 13th and 14th of August.

They will have a camp fire each night following the evening session. Although this will be the 100th annual session of the meeting, the centennial celebration does not come until next year. A committee appointed for making arrangements for that meeting will report at this session. A meeting for worship will occur at 8 a. m., each day. Following is the complete program:

Beyond Temptation.

Junior, who is quite a mischief, was left in the kitchen alone while baby was being put to bed. A few minutes later he was discovered, with a toy in his little fist, up on top of the kitchen cabinet. When asked what he was doing, he said: "I'm putting this up where I can't get it."

"All right, Bill— You can stop reading 'em"

BILL TOLD ME
HE HAD a good joke,
ON THE maker.
OF A well-known brand,
OF CIGARETTES.
LAST NIGHT, Bill said,
HE READ an ad,
OF THIS cigarette,
IN A magazine.
IT SAID "They Satisfy."
AND THIS morning,
IN HIS newspaper,
HE READ "They Satisfy."
AND ON a billboard,
AND ON a card,
IN THE street-car,
AND IN the dealer's window,
AND ON the counter,
HE READ "They Satisfy."
AND HE bought a pack,
OF THESE cigarettes,
AND I asked him,
"WHERE'S THE joke, Bill?"
AND BILL said,
"WHY THE darn fool,
SPENDING THEIR money,
PICKING ON me."
SO I said, "You bought 'em,"
DIDN'T THEY satisfy?"
AND BILL said "Sure,
BUT HERE'S the joke,
FOR OVER a year,
I'D ALREADY been smoking,
THAT BRAND."

WE admit it, the joke's on us. And over three million other smokers are "in on it" with Bill. But the real joke is on anybody who looks for "Satisfy" anywhere but in Chesterfields—for the Chesterfield blend can't be copied!

MAY ABANDON "FRONT PORCH" CAMPAIGN

Harding Advisors Urge Presidential Candidate to Make Coast to Coast Trip This Fall

SEVERAL REASONS ARE GIVEN

Marion, Ohio, Aug. 4—The necessity of abandoning the "front porch" campaign is being seriously considered by republican leaders and probably will be urged on Senator Harding, republican candidate, it was learned here today.

Harding advisors are expected to urge him to make a trip to the Pacific coast and another to the Atlantic sea coast making not over two speeches a day.

Changed conditions have led numerous members of the national commission to revise their plans as to keeping Harding on the front porch and opinion among party leaders is rapidly sweeping in favor of getting the candidate out in the country.

The impending railroad fair increase is one of the chief factors given for the proposed revision of plans declaring that it makes the expense of the trip coming to Marion

Ohio, so high that many from distant points would have to abandon their trips.

This question was taken up with Senator Harding Tuesday at a conference between Harry M. Daugherty, one of his closest advisors, and Senator Harry S. New of Indiana, in charge of assigning speakers.

City Council Instructs Policeman
Pea Not to Serve Affidavits -

COMPLAINT BY THE MAYOR

Hits Prosecutor For Not Filing
Cases in His Court and Says
He Doesn't Perform Duty

The city councilmen held a long drawn-out meeting last night when they met in regular session, nothing of great importance being done, but many minor matters were taken care of. The council situation which was supposed to be such a serious proposition, was not touched upon nor mentioned at the meeting.

Mayor Irvin indirectly led an attack on Prosecutor Stevens, alleging that he was failing to perform his duty, and hinted that some kind of steps should be taken to cause the prosecutor to push certain affidavits citing as an example one affidavit that the mayor had wanted filed. The prosecutor refused to file it, he said.

It is known that the cause of the outburst against the prosecutor by the mayor originated several weeks ago when Prosecutor Stevens began to file city cases in the justice of peace court, which right Prosecutor Stevens maintains is given the prosecutor, to file cases in any court that he pleases.

Mayor Irvin also brought up the subject of the city police serving affidavits for the squire's court, and the council passed an order prohibiting them from performing any service for the squire.

Policeman Pea has been performing this service, according to Chief Wilfong. Mayor Irvin stated that recently the policeman and prosecutor made trips to Shelbyville and Charlottesville and frequently went out into the county on business for the squire. It is said, however, that the policeman never worked for the squire while on duty for the city, as his hours are from six in the evening until early morning, and the work he did for the squire was during the hours he was off duty, Policeman Pea declares.

No doubt a case of jealousy has arisen in the police force because the policeman was receiving more pay by performing the duties of constable for the squire.

The chief told the council that recently he, single handed, raided a crap game in which he caught seven men, and when the names were handed to Prosecutor Stevens, affidavits were filed in the squire's court. The mayor protested having the police work for another court.

After passing the order prohibiting the police from working for the squire, Mayor Irvin brought up the question of garbage collection, with no action being taken. Early in the spring the matter was talked about, and action last night was deferred until some other time. The plan is to have the city establish a compulsory collection of garbage, by allowing a contract, for its collection.

Frank Havens, who has acted as health inspector for the past month, was reappointed for another week, it being the belief that the unsanitary places can be cleaned within another week.

M. W. Eakins and W. F. Easley, proprietors of motion picture theaters, appeared before the council, asking that they be granted the privilege of running lines from the I. & C. power house to their theaters for the purpose of equipping their projecting machines with direct current, which is best adapted for their machines.

A controversy arose, due to a misunderstanding of the purpose of the lines, as Supt. Mahin of the water and light plant called the attention of the council to the fact that if the picture show owners were granted the privilege, the bars would be open, for other lines of business, contrary to a city ordinance which prohibits the use of electric current in Rushville by a company other than the city water and light plant.

It was suggested that the city

VIOLATES THE PARKING LAW

Mrs. Sarah Henley Pleads Guilty
and is Fined by Mayor

Mrs. Sarah Henley, 720 North Harrison street, was arrested last night by Patrolman Pea, charged with violating a city ordinance relating to parking her automobile. She was arraigned before Mayor Irvin last night, and entered a plea of guilty, to which she was fined a dollar and costs, amounting to \$6. An argument between the policeman and Mrs. Henley was given as the cause of arrest, Mrs. Henley maintaining she did not know he was a policeman, as he was not in uniform. It was charged that Mrs. Henley did not park her car inside the white line.

RICHARD PUGH DIES EARLY THIS MORNING

Son of Mr. and Mrs. Jess Pugh, Formerly of Rushville, Expires at
Winona Lake of Typhoid

FUNERAL TO BE HELD HERE

Richard Pugh, age seventeen years, son of Mr. and Mrs. Jess Pugh, formerly of this city, died at Winona Lake this morning at ten minutes after one according to word received here. He took sick on Monday, July 4, with typhoid fever and his condition was regarded as critical from the very first.

Every effort was made to bring about his recovery. After an operation for perforated bowels, he suffered several hemorrhages which weakened him, and blood transfusion operations gave him only temporary relief. Last week the word relatives received was more hopeful, but the attending physicians never held out any hope for his recovery.

The body was to arrive here this afternoon over the Big Four railroad at 3:45 o'clock and was to be taken to the home of the deceased's grandmother, Mrs. Joe Pugh in West Second street. The funeral services will be held there Friday afternoon at two-thirty o'clock, with the Rev. G. H. Sheldon of the First Presbyterian church in charge. Burial will take place in East Hill cemetery.

Richard is survived by his parents and two brothers, William and Graham. He was the grandson of Mr. and Mrs. J. W. Hogsett and had many other relatives here.

ANOTHER OUTFIT IS TO VISIT THE CITY

Detachment of Thirty Men From
Camp Taylor Will Camp in City
Park For Three Days

ALSO FROM 1ST DIVISION

Another detachment of soldiers from Camp Taylor, Ky., will visit Rushville tomorrow, but this one will remain longer than the outfit which was here last week, although it is not as large.

According to a letter received by Postmaster G. P. Hunt from Major W. F. Harrell, recruiting officer, the detachment will arrive here Thursday and stay the remainder of the week. It is presumed that they will camp in the city park as did the one which was here last week.

The detachment consists of thirty men from the 28th Infantry, First division, and includes many heroes of the late war. One man with the bunch, Andrew Leacko, was awarded the Distinguished Service Cross for bravery overseas. The necessary equipment is carried to feed the men and judging from the report from Greensburg, where the outfit has been in camp, they are traveling in horse drawn vehicles instead of motor trucks. The Greensburg News says a picket line was stretched there for forty head of horses and mules.

The detachment is making a tour of this section, getting acquainted with the people and demonstrating what the army is today; at the same time getting an outing and vacation.

EFFORT TO AMEND THE CONSTITUTION

Next Assembly May Attempt to Put
Through Amendment - For
Unlimited Sessions

LAW PROVIDES 61 DAY SESSION

Many Favor Illinois Law Providing
That Governor May Call Legis-
lators Whenever Necessary

(By United Press.)

Indianapolis, Ind., Aug. 4.—When the next general assembly of Indiana convenes in February an effort will be made to amend the constitution providing for unlimited sessions or "divided sessions."

In the latter case it has been suggested that the legislature meet for thirty days, recess for thirty days to give the members an opportunity to study the proposed legislation and then reassemble to give each measure final consideration.

The idea for an unlimited session was obtained from the Illinois law which provides that the governor may call the legislators whenever necessary arises. In this case the legislators would be on a fixed salary rather than receive a daily salary of \$6 while they are in session.

Indiana's constitution now provides for a sixty-one day session.

Many senators and representatives regarded the Illinois system with favor.

"That is a very good idea and I hope that some one will take it under advisement and introduce a bill providing for that," was the comment of Speaker Jesse Eschbach.

"The sessions that we now have do not give the members of the house or senate time to give bills careful and just consideration. It is only fair to their constituents that they have more time to consider these bills," said Lieut. Gov. Ed. Bush.

"I believe that the law which is now being enacted in Illinois is the best. A fixed salary of about \$1500 for members who have been selected to serve a full term plus mileage. This would give members time to consider bills, and vote intelligently on all bills presented," said Rep. Abrams, Marion county.

"It is a very good idea," was the comment of Senator C. Meeker, White County.

"Illinois and Kentucky have the best laws," said Senator Laney, Vigo county. "This would give us time enough to receive, consider and vote to the best of our judgment."

"We do not have time enough to consider and vote to the best of our

WHEAT PRICES ARE GRADUALLY GOING UP

Big Smash on Chicago Market at
Opening This Morning But Close
is Above Yesterday

ELEVATORS PAY \$2.10 TODAY

There was another big smash in wheat prices today, but the market recovered from the slump at the opening in Chicago and closed higher than yesterday. Local grain dealers were paying \$2.10 a bushel for wheat today, which marks an increase of thirty cents over Monday, when the low mark of the threshing season was reached.

Dealers were offering as high as \$2.50 for wheat when the threshing started in Rush county and many farmers sold at that figure; but there was a rapid decline in prices last week, the drop amounting to 60 cents during the week. Before closing last Saturday night elevators were paying only \$1.90 and Monday the low mark of \$1.80 was reached. Prices advanced yesterday and today, however.

Threshing is about finished in Rush county and very little wheat is being received now. The worst thing from the farmer's standpoint is that the slump in the market came right in the midst of threshing.

FAVORS PEACE AT HOME FIRST

Senator Harding Says if He Should
Choose, He Preferred it to
International Peace

SPEAKS TO MORE PILGRIMS

Takes up League Issue Before Cox's
Acceptance Speech Due to
Increasing Interest in It

(By United Press.)

Marion, Ohio, August 4.—"If I should choose but one I should rather have industrial and social peace at home than command the international peace of the world."

This was the dominant utterance in Senator Warren G. Harding's speech this afternoon to a delegation of republican pilgrims from Wayne county, in which the keynote was "Americanism," and in which he elaborated on the treaty stand he took on notification day.

It was the second event in the front porch campaign was inaugurated from Richland and Crawford counties, Ohio.

Harding's intentions had been to refrain from further discussion of the treaty issue until after the deliverance of his opponent's acceptance speech next Saturday, but numerous letters received from all parts of the country indicated the increasing interest in the subject.

Partly in response to these and partly anticipating the league of nations view by Governor Cox, the republican candidate decided to seize the opportunity to emphasize as well as clarify his position.

"I do not want Americans of foreign birth making their party alignment on what we mean to do on some nation in the old world. We want them to be republicans for what we mean to do for America."

"It would be a sorrowful day for this republic if we allowed our activities to blind us," Harding continued.

"We want a free America. We want America free to home and free to the world. We want to silence the outcry of nations against nations in the United States and we wish to silence the cry of class against class, in order to assure tranquility in our freedom."

These were some of the senator's striking declarations leading to his discussion of the league in which he reiterated and expanded the views expressed in his acceptance speech.

LEWIS DENOUNCES KANSAS MINERS HEAD

United Mine Workers President
Speaks Plainly in Telegram to
Alexander Howatt

WIRES LOCALS AT IDLE MINES

(By United Press.)

Indianapolis, Ind., Aug. 4.—Definite action to end the illegal strike of coal miners in Kansas was taken today by John L. Lewis, international president of the United Mine Workers.

Telegrams were sent to local unions at each of the 33 idle mines, and another message was sent to Alexander Howatt, president of the Kansas miners, denouncing him in the strictest way for his course in fostering and fomenting the strike trouble.

Lewis ordered the strikers to resume work immediately and take up their grievances in the usual manner.

"If it is your desire to continue to function as officers of the United Mine Workers, I warn you to comply with its law," the telegram to Howatt stated, after Lewis had mentioned the agreement between the union and coal operators.

"The continuance of the mad course you are pursuing in Kansas will bring further condemnation from your organization and stamp you as a man deplorable of principle and devoid of honor."

FILES SUIT ON CONTRACT

D. H. Dean Sues D. Belmont Lester
For Judgment of \$850

Donald H. Dean has filed suit in circuit court against D. Belmont Lester of Indianapolis, on a complaint on contract and attachment, in which \$850 judgment is demanded. The complaint states that in 1917 Mr. Dean purchased from Lester 75 shares of common stock in the Standard Royalties Company, which later was to be purchased by Lester at par, with one percent commission, and that on demand Lester has refused to fulfill the contract, which calls for \$742.50. The judgment for \$850 includes interest and attorney fees.

DATE FOR REVIEWERS MEETING IS IN DOUBT

Special Session of Board Awaits
Appointment of Two Members
—Word Sent to Judge

ABSTRACT MAY BE AVOIDED

The date for the convening of the special session of the county board of review, provided for in the Tuthill-Kiper tax law passed by the special session of the legislature last week, was still uncertain today on account of no word having been received from Judge Will M. Sparks, who is at Winona Lake. The law provides that he shall appoint two members of the board, one republican and one democrat, to sit with the county auditor, treasurer and assessor, the five members composing the board.

A special delivery letter has been sent to Judge Sparks to notify him of his duty in regard to the appointments and it was expected word might be received from him by this evening. It is regarded as improbable that the same two members who served at the regular session in June, will be appointed as A. M. Taylor, one of them, is serving as secretary of the chautauqua, and George H. Havens the other member is sick.

County officials are about convinced that it will be possible to make changes in assessments where taxpayers regard them too high on account of the horizontal increases, and give them a certificate of error providing for a refund on the fall installment, without making a new abstract of taxables.

Miss Anna E. Brown, Age Seventy
Years; Sister of A. C. Brown
of This City, Dies Today

DEATH DUE TO HEART TROUBLE

Miss Anna E. Brown, age 70 years, a life long and pioneer resident of Milroy, died this morning at seven o'clock at her home in that place, death resulting from heart trouble. She had been in poor health for several years. The deceased was well known in Rushville, as well as the community in which she resided her entire life. Within the last few years she became an invalid and was in poor health, but her death was sudden.

Miss Brown and her sister, Miss Emma Brown, lived together in Milroy, and besides the sister, the deceased is survived by three brothers, Robert and Nathan, both of Milroy, and A. C. Brown of Rushville.

The deceased was a member of the United Presbyterian church in Milroy, and the funeral services will be conducted at the church Friday morning at ten o'clock by the Rev. James McMichael, pastor of the Springhill church, and interment will be made in the Milroy cemetery.

G. O. P. WORKERS TO MEET ON SATURDAY

Organization Meeting For Men and
Women to be Attended by Two
District Chairmen

CANDIDATES ARE ALL INVITED

Senator Watson and Rep. Elliott
Promise to be Present—To be
Entertained at Dinner

An organization meeting of men and women republican workers of the county will be held at the court house assembly room Saturday to discuss plans for the opening of the campaign in this county.

James E. Watson candidate for re-election as United States senator from Indiana and Richard Elliott of Connersville, candidate for re-election to congress from the sixth district, are expected to be present to address the workers.

Walter F. Bossert of Liberty, district chairman; Mrs. Elizabeth Claypool Earle of Connersville, women's district chairman, and a woman organizer from the republican state headquarters in Indianapolis, will also attend the meeting.

All precinct committeemen, together with one woman from each precinct whom they have recommended to have charge of the woman's organization in their precinct, have been invited to participate in the meeting. Invitations have also been extended to all candidates on the republican ticket in this county to attend.

The meeting will open at ten-thirty o'clock Saturday morning in the court house assembly room and the workers will be entertained at noon at the Seamon hotel by the county central committee. In the afternoon another session will be held at which time the details of organization will be discussed.

The morning meeting will be devoted to short talks from candidates and workers preliminary to the organization session in the afternoon. The county chairman is anxious to have every person connected with the county organization to be present.

In a few instances, the precinct committeemen have neglected to recommend a woman from their precinct to take charge of the woman's organization, and in these precincts no invitation could be extended to a woman representative of the party. In such cases, the precinct committee is urged to bring with him the woman he thinks is best qualified to take charge.

The woman's republican organization has been perfected by Mrs. A. L. Stewart, county woman's chairman, who has appointed precinct workers on the recommendation of the precinct chairmen.

LEWIS PROBABLE SPEAKER

Ex-Senator From Illinois May Be
Here Democratic Day

A story by Everett C. Watkins in the Indianapolis Star today says that J. Hamilton Lewis former United States senator from Illinois, will be the probable speaker on democratic day at the Rush county chautauqua Saturday, August 14.

Local democrats are making an effort to induce Governor James Cox, nominee for president, to speak here on that day and it is presumed that if they fail to get his consent, Ex-Senator Lewis will speak. Governor Edwin P. Morrow of Kentucky will speak on republican day, which will be the day previous.

A marriage license was issued this afternoon to Orville Basley of this city and Mattie Herbert also of this city. The contracting parties are well known colored people of this city.

buy the juice for the picture show, and then the city take over the show and show it like they were the property of the city. It was pointed out that the picture shows wanted the downtown only for their arc lights in their machines, and only a small amount would be used for this purpose. The matter was left with the committee, composed of Councilman Wagoner, Lewis and Sender.

The councilman ordered the order's reading in the city park filled during the picture show, and gave the chairman board the right to block off the square in Ninth street between Jackson and Jackson, and the square in Jackson between Ninth and Tenth, from 10 o'clock in the afternoon until after the closing of the picture show. This will establish a quiet and safety zone around the park.

The matter of obstructing Water street, between Main and Morgan, was brought up by Councilman Sender, who said that many complaints were being registered by people, stating that the street was being blocked and caused by property owners. The property owners maintain that there is no street between Morgan and Main along the race, and have blocked the passageway.

Councilman Sender introduced a copy of an act by the Indiana General Assembly, dated December 19, 1850, which Water street in Rushville was vacated by the race or mill stream, and in event that the stream did not take up all of the street, it was to be a public highway and it is pointed out that on the north side of the race, about 30 feet is left open along the bank, which is platted as Water street.

The property owners will face charges of blocking a public highway, unless the street is opened, as those affected by the street will have a right to prefer the charges.

Falling Gasoline Prices Down

"The Federal Trade Commission in report to Congress ascribes strong demand as primary cause of recent advances in price of gasoline and other petroleum products, rather than to any combination in restraint of trade." (Boston News Bureau, June 3rd, 1920.)

Gasoline prices will go down as soon as gasoline supply exceeds demand.

Only two ways are known to increase gasoline supply. First, increase the production of crude petroleum; second, to increase the yield of gasoline from the crude petroleum obtainable.

Recognizing the latter as the more practical method, the Standard Oil Company (Indiana) has discovered, through extensive research, a way to definitely increase the yield of gasoline from crude oil.

In its laboratories, modern to the last detail of equipment, chemists, engineers and experienced refiners are working continually to this end.

It was one of these men who discovered the process which has largely increased the yield of gasoline obtainable from the crude.

This, and other discoveries, together with the economies of efficiency throughout all processes of refining, have enabled the Standard Oil Company (Indiana) to exert a marked downward pressure on gasoline prices.

The Standard Oil Company (Indiana) strives at all times to deal in fairness to all the people within its territory, and today is operating its business on as small a margin of profit as is consistent with sound financing, and with safety for its 4799 stockholders, of whom no single investor owns as much as 10 per cent of the total stock.

LEAGUE ACCEPTS THE STRICT BLOCKADE PLAN

Council Approves of Economical Blockade to Isolate Offending Nations From Rest of World

SAYS IT WILL KEEP PEACE.

Sebastian, Spain, Aug. 4—The league of nation's council yesterday accepted the principal of strict economical blockade to be used to isolate offending nations from the rest of the world.

It was decided that the blockade would be used to preserve peace even when nations which are members of the league quarrel with non-member nations.

A recommendation of that action was prepared for submission to the league assembly at Geneva, asking an appointment of a chief commission of the assembly and the council which will prepare the procedure for the blockade.

During a debate preceding the adoption of the blockade plan it was pointed out that the failure to provide the league of nations with a naval military force left the blockade the sole weapon. It was thought to be an effective weapon, however, and that mere knowledge that it could be really established would be sufficient to determine violators of internal law.

WAGE DEMANDS EXPECTED

Increase Freight Rates May Precipitate Higher Wages And Prices

Chicago, Aug. 4—The freight rate increase granted the railroads by the interstate commerce commission may precipitate a "reverberation of high prices and higher wages," according to Clifford Thorne, prominent attorney and transportation authority.

In an interview here Thorne commended action of the commission in wiping out all fictitious capitalization intentionally fixing the value on the railways. But he declared in the matter of rate adjustment the commission has not been as considerate of the right of the shipper as was the railroad administration.

FRANCE TO RECOGNIZE THE BOLSHEVIKI RULE

Is Willing When They Assume International Obligation of Former Russian Government

THEY MUST BE SINCERE

(By United Press.)

Paris, Aug. 4—France stands ready to recognize the Bolsheviks the moment they assume the international obligation of the former Russian government, Premier Millerand declared today to the United Press.

In his first interview since the allied conference at Bologne, the premier clearly defined his country's attitude toward the Bolsheviks.

"France will recognize the Bolshevik government the minute it assumes the obligations of the former Russian government," he said. "And this includes the first payment of all debts; second, acceptance of all treaties and observance of all international engagements with the former allies of the imperial Russian government."

Millerand's interview was the first clear cut categorical announcement of the terms under which diplomatic relations may be restored between Paris and Moscow. It was the first time the premier in any public expression had definitely permitted himself to go on record as setting forth the condition to a single concrete attitude.

"We will naturally expect Moscow to present evidence of her sincerity of her intentions to carry out her obligations," the premier stated.

PAY FOR SCOUTS' HARD WORK.

A leading Cincinnati newspaper directed an editorial to the public of that city on the abuse of the Boy Scouts' good turn by the public.

It is most acceptable help to a scoutmaster who wishes his boys to find and do chivalrous good turns to the needy, and who joins his boys in a hearty scorn for the petty graffer who happens to be a neighbor, and who imposes upon the too well advertised intention of the scout to be useful.

A Staggering Tax Burden

The next president who sits in the white house will face a stupendous task, not the least of which will be a tax bill. Preliminary figures compiled by the bureau of internal revenue show that during the fiscal year ending June 30, the people of the United States paid into the federal treasury the staggering total of \$5,410,284,875 in taxes. It is the greatest annual tax bill ever assessed against any nation; it is nearly 75 percent more than the taxes paid during 1918 or 1919, when war expenses were at the peak.

Estimating the population of the United States at 120,000,000, the taxes paid last year amount on an average of \$45 per capita. It is a sum no other nation on earth could stand. The total represents about two percent of the aggregate wealth of the country. Much of this enormous debt was saddled on the country by the waste and extravagance of the administration, particularly during war, but still continuing. The year amounted to \$3,044,557,375.

revenue derived from income and excess profits taxes during the fiscal year was a heavy handicap to place upon industry struggling to reach a normal status.

The American people never again should be called upon to pay such a tax bill and some of it could have been avoided. With reasonable economy it should be possible to reduce the tax burden from year to year as it was reduced them after the civil war.

Getting at the Coal Shortage

Experts are telling us that the country will be short of coal this winter, because the mining companies can not get freight cars enough for shipping the coal to the distributing points.

Go into any big railroad yard in the country and you will see thousands and thousands of cars standing on side tracks, waiting to be unloaded. In numerous cases they have been standing many days, possibly weeks, yet on apparent attempt is being made to unload them. Even in small towns you will find cars standing day after day.

This condition is one great cause for the shortage in rail transportation. It is the reason why the mines are not putting more coal on the market. It is the reason why many people will freeze next winter if coal is not moved more rapidly.

It would be an easy matter to correct this disquieting condition of affairs.

The government could take one great railroad center as an example. It could send secret service operatives to that city to check up on the idle cars, and the cause for such idleness. An explanation could be demanded of the railroad company.

If the company could not give a legitimate reason, the officials should be punished. If not the fault of the company, and the consignee is responsible, he should be punished.

And if government officials whose duty it is to prosecute such offenders show an inclination to delay or evade the issue because some "prominent people" are involved, the president should remove them from

THE MIRROR
 The first rule of life is that you have to marry right.
 The second rule is that you have to pay little, but be counted upon to say a lot.
 Many folks who have the reputation of being wise are only lucky.
 Among so many fools in the world it isn't much of a job to be wise.
 It must be human nature to tell lies; otherwise there would be some one who doesn't.
 Her Heck says: "A woman who pays too much attention to her complexion is apt to neglect her reputation."

office and otherwise punish them.

One such shakeup as an example would be sufficient. Cars would begin to move everywhere, and would keep on moving.

And the people could keep warm next winter—which is doubtful under present conditions.

Strange, you think, that this war did not produce a single military commander whom the public could elevate to the hero class? Not a bit of it. The buck privates had so many brains and used them to such excellent advantage there was no opportunity left for the officers to shine by comparison.

When a politician coyly remarks that he is in the hands of his friends it is time to begin delving into the records of those friends.

Even the most hardened old reprobate may be expected to repent in time—when he gets caught.

Night Did Not Mean Rest and Sleep For Her

This Lady Was Weak, Rundown, Losing Flesh and Strength Rapidly. Memory Was Failing, was so Nervous She Couldn't Sit Still. Dreco Gave Prompt Relief.

"I was all 'rundown' and weak, losing flesh and strength rapidly, and things looked pretty black for me, for it seemed like I couldn't get any medicine to give me strength," said Mrs. Margaret Pearson, who is employed as housekeeper at the Mahan residence, 15th and Mahan Ave., Terre Haute, Ind.

"I was unable to get much sleep; my memory was failing and I became so nervous I couldn't content myself to sit and knit, read the paper or a book. I would wake up all hours of the night and wander from room to room and was so tired out by daylight that I didn't feel like moving. I had such bad dreams that I hate to see night come and then my kidneys acted very frequently during the night. I think my general condition was worse than it had ever been in all my life."

"When I started on Dreco I commenced to feel better at once and now I haven't any trouble with my kidneys, am lots stronger, gaining weight, nerves are quiet, I sleep like a top and feel better in every way. I am attending to my duties now and my friends are remarking about how well I look. I don't think I will ever forget what Dreco has done for me."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

THE Mirage of Lower Prices

Many retail lumber dealers have followed the **MIRAGE OF LOWER PRICES** off into the desert of depleted stocks and have allowed their trade to drop away. Many dealers have actually advised their customers not to build, but to wait for lower prices. This is the **HEIGHT OF BUSINESS FOLLY**. It is poor business for the lumber dealer and bad for his community. Money is a liquid and unstable thing. **THE TIME FOR ANY MAN TO BUILD IS WHEN HE HAS THE MONEY**. Ninety-five percent of the money made in our community will be spent at once. If it is not spent for **HOUSES** and **BARNs**, it go for **AUTOMOBILES**. If it is not spent for **CRIBS** and **GRANARIES**, it will resolve itself into **TRIPS TO PLEASURE RESORTS**. If it is not spent for **FENCES** and **SHEDS**, it will be invested in imaginary oil wells or fictitious **GOLD MINES**. **IT WILL BE SPENT**. Let that sink into your mind and decide whether our community will be **PERMANENTLY BETTER OFF** if it is spent for permanent improvements or for **EVANESCENT PLEASURES**.

WE KNOW A LUMBERMAN, an intelligent retailer, too, who is an officer and a director in a bank. The directors wished to build a bank building this year, but he counseled them to wait for lower prices which were due to come some time in the future. **WHEN THE LOWER PRICES COME NO BUILDINGS WILL BE BUILT**. Let this thought ramble through your brain—when prices are low people do not build. Low prices and poor business walk hand in hand in all lines. When lumber prices are low, other prices are low and people will not have the money with which to take advantage of conditions. In looking over our records, we find that the periods of low prices, were inactive periods in our business. **IT IS TO THE INTEREST OF THE COMMUNITY TO ENCOURAGE BUSINESS NOW—NOT NEXT YEAR—AND GET THE MONEY PERMANENTLY INVESTED IN TAXABLE IMPROVEMENTS**.

AND JUST A WORD TO PRESENT PRICES. Many think that lumber prices are too high. This is a common fallacy. Lumber prices are lower today than they should be. They are lower than they are going to be a little later. At present prices the manufacturer cannot make a reasonable profit. No industry can flourish unless all branches are making a reasonable profit. The manufacturer—the wholesaler—the retailer—all must be allowed to live if any one of the three is to prosper. Each has his definite duty and his place in the business. **THE MIRAGE OF PE WAR PRICES WILL LEAD YOU ASTRAY IF YOU FOLLOW IT**. It is an illusion—it is the reflection of something that used to be but is no more and will not be again.

People who wish for a return to the old price level are unconsciously wishing for demoralization—hard times—slack business—and trouble.

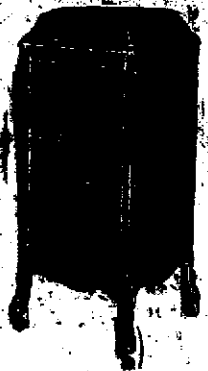

We are telling you that lumber prices are not too high—that now is the time to build—while you have the money and before you spend it for something that does not add to the value of your estate. **IF YOU THINK LUMBER PRICES ARE TOO HIGH**, just set out a crop of trees and wait for the harvest. Lumber is one of the few crops that is being sold at **FAR LESS THAN THE COST OF REPLACEMENT**. You may figure what it costs to grow a bushel of wheat, but sit down with your pencil and estimate what it costs to grow and manufacture a thousand feet of lumber. **LUMBER IS THE CHEAPEST THING IN THE WORLD TODAY**.

Our business for the last year has been conducted along the principles set out above. We have relied on the sound business judgment of Rush County to **BUILD WHILE THEY HAVE THE MONEY**. Hence we have full stocks and are prepared to furnish large or small bills without delay or substitution. Temporary shortages have been experienced by all dealers due to transportation, but we have overcome this at last and have a stock ample for the requirements of our trade.

The freight advance, effective Aug. 25th, will advance all lumber shipped after that date \$3.50 per thousand.

The Economy of Using Goodyear Small Car Tires

So-called "bargain" tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dorr, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/2 Goodyear Double-Cure Fabric All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

ANN CORNWALL

Miss Cornwall has only recently risen to the stellar ranks in the "movie" profession. It has been her good fortune to have been cast with some of the leading stars as well as having worked under most able direction, which, perhaps, in addition to her own natural ability, explains her rapid rise.

His Reason.

Speaking of politics and elections, we knew a man once who announced that he would vote for a certain candidate for office. When asked for his reason, he replied that the candidate was his friend. And when they asked him if he had no other reasons he said no; he said he didn't need any other reason. We have liked this man ever since.

Indianapolis, Ind., Aug. 4—Sale of bonds and securities were under state regulation Tuesday. The Symons-Givan blue sky law enacted by the recent special session of the legislature became effective with the appointment by Governor Goodrich of men to administer the law.

Secretary of state, Ed Jackson, received the appointment as chief security clerk and M. L. Mendenhall of Sheridan, Ind., was named administrator.

Secretary Jackson asserted that enforcement of the law would be started immediately as all arrangements for the department had been completed.

The new law provides for the control of the sale of financial papers so as to eliminate worthless stocks and bonds from the Indiana market.

HAD TO BE HELPED INTO HIS CLOTHES

Now Feels Better Than in Twenty Five Years and is Grateful of New Life and Energy.

"Yes, sir, I was so badly crippled up I could not do a lick of work at the time I began taking Tanlac, but now I have been built up to where I am feeling better than I have for twenty years," says Mathis Dollinger, 1131 Yates St., Toledo, Ohio. Mr. Dollinger is a machinist and for the past fourteen years has been employed by the Baker Bros. Machine Works and Foundry.

"My wife tells me I am looking years younger and my friends and neighbors are all congratulating me on my recovery. I was in a bad fix before I got hold of Tanlac and had been for nearly five years. Why, I had hardly seen a well day during all that time. I had indigestion so bad I hated to go to the table, for it seemed like every bite I ate soured and formed into a hard lump in my stomach. The cramps in my stomach were awful and at times I became so nauseated I had to lie down right where I happened to be until I could recover. I had sharp pains in my chest and would bloat up with gas so tight that I felt miserable. I had rheumatism in my arms and shoulders and my muscles were so stiff and sore I was in pain nearly every time I moved. Finally I got so bad off I could not get my arms above my shoulders and I had to have somebody help me put on my coat. In fact, I was almost helpless and had to quit altogether. My complexion turned yellow and I was as weak as a rag.

"That was my condition when I began taking Tanlac on the advice of a friend, and now four bottles have done for me what other medicines failed to do. I am brimful of life and energy and am now back at work feeling like my old self again. As for my appetite, I can hardly satisfy it and I digest everything I eat without any bad effects. The rheumatism has disappeared and I have as good use as ever of my arms and hands. My complexion has all cleared up and I am sleeping fine every night. Tanlac is a great medicine and I can heartily recommend it."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

IND. YEARLY MEETING TO CONVENE AUG. 10

Earlham to be Host For Annual Event of Friends—Held Somewhat Earlier This Year

HAVE CAMP FIRE EACH NIGHT

Richmond, Ind., Aug. 4.—Indiana Yearly Meeting will convene in its 100th annual meeting on Tuesday, Aug. 10, at Earlham college, following a preliminary Ministry and Oversight session on Monday, Aug. 9, it was made known Monday.

It has been the custom to hold the meeting at the East Main Street Friends church, but it is believed that by holding the sessions at Earlham better accommodations can be offered for visitors. The annual meeting is also being held somewhat earlier than in previous years.

A number of Richmond people appear on the program. Levi T. Pennington, director of the Friends Forward Movement, Ruthanna M. Simms, of the Friends Home Mission board, Timothy Nicholson, Aaron Napier Indiana Yearly superintendent, Chase Conover, field secretary of the Friends, and William V. Coffin, all will address or make reports to some of the sessions.

All Sessions at Earlham

All sessions will be held at the college and lodging will be furnished in the college dormitories, and meals served in a dining room at moderate prices. Young Friends will have discussion meetings at 6:45 p. m. on the 12th, 13th and 14th of August.

They will have a camp fire each night following the evening session. Although this will be the 100th annual session of the meeting, the centennial celebration does not come until next year. A committee appointed for making arrangements for that meeting will report at this session. A meeting for worship will occur at 8 a. m., each day. Following is the complete program:

Beyond Temptation

Jubler, who is quite a mischief, was left in the kitchen alone while baby was being put to bed. A few minutes later he was discovered with a toy in his little fist, up on top of the kitchen cabinet. When asked what he was doing, he said: "I'm putting this up where I can't get it."

WATERMELON PARTY

The Young Men's Circle and the Loyal Daughters classes of the Main Street Christian church will give a watermelon party Friday night at eight o'clock. All members are earnestly requested to be present. 12143

"All right, Bill— You can stop reading 'em"

BILL TOLD ME HE HAD a good joke, ON THE maker, OF A well-known brand, OF CIGARETTES. LAST NIGHT, Bill said, HE READ an ad, OF THIS cigarette, IN A magazine. IT SAID "They Satisfy." AND THIS morning, IN HIS newspaper, HE READ "They Satisfy," AND ON a billboard, AND ON a card, IN THE street car, AND IN the dealer's window, AND ON the counter, HE READ "They Satisfy," AND HE bought a pack, OF THESE cigarettes, AND I asked him, "WHERE'S THE joke, BILL?" AND BILL said, "WHY THE darn fools, SPENDING THEIR money, PICKING ON me." SO I said, "You bought 'em, DIDN'T THEY satisfy?" AND BILL said, "Sure, BUT HERE'S the joke, FOR OVER a year, I'D ALREADY been smoking THAT BRAND."

WE admit it, the joke's on us. And over three million other smokers are "in on it" with Bill. But the real joke is on anybody who looks for "Satisfy" anywhere but in Chesterfields—for the Chesterfield blend can't be copied!

MAY ABANDON "FRONT PORCH" CAMPAIGN

Harding Advisors Urge Presidential Candidate to Make Coast to Coast Trip This Fall

SEVERAL REASONS ARE GIVEN

Marion, Ohio, Aug. 4.—The necessity of abandoning the "front porch" campaign is being seriously considered by republican leaders and probably will be urged on Senator Harding, republican candidate, it was learned here today.

Harding advisors are expected to urge him to make a trip to the Pacific coast and another to the Atlantic sea coast making not over two speeches a day. Changed conditions have led numerous members of the national commission to revise their plans as to keeping Harding on the front porch and opinion among party leaders is rapidly sweeping in favor of getting the candidate out in the country.

The impending railroad fair increase is one of the chief factors given for the proposed revision of plans declaring that it makes the expense of the trip coming to Marion

Ohio, so high that many from distant points would have to abandon their trips.

This question was taken up with Senator Harding Tuesday at a conference between Harry M. Daugherty, one of his closest advisors, and Senator Harry S. New of Indiana, in charge of assigning speakers.

THE SLOW HURRY

It is the habit of the well meaning man who is always in a hurry to start "Saving Money or Plan For Some New Business."

"STARTING" is the essential thing in business. "Going to" never did anything. The world is full of those who "HAD" good intentions. It's the man who "HAS" them who keeps the wheels of progress spinning.
